

PULPIT SUPPLY LIST

2024 Pulpit Supply:

Single preaching, same day

\$150.00, plus mileage @ 62.5 cents per mile based on IRS rates for churches over 100 in membership.

\$135.00 plus mileage @ 62.5 cents per mile based on IRS rates for churches under 100 membership.

Note: It is the expectation that the Pulpit Supply perform more ministries for the congregation than delivering a sermon. As circumstances warrant, the Pulpit Supply may be invited to teach Sunday School, visit persons in special circumstance and need, or conduct private communion for shut-ins accompanied by an Elder or Deacon.

Note: Churches with special needs, which are unable to meet these costs may apply to the Commission on Ministry for supplementary funds. These policies shall also serve as guidelines of pulpit supplies in churches with a called pastor.

Note: These compensations do not apply to contracted Temporary Supply positions, which are negotiated between the Session and the pastor in consultation with the COM.

Note: These are minimum fees. Churches are free to increase these fees, as they deem appropriate.
